1. PURPOSE OF THE CALL

The general objective of this Bilateral Program is to stimulate the collaboration between CSIC research groups and:

- Research groups from SLOVAKIA, through the **SLOVAK ACADEMY OF SCIENCES (SAS).**
- Research groups from the CZECH REPUBLIC, through the **CZECH ACADEMY OF SCIENCES (CAS)**.
- Research groups from ITALY, through the **CONSIGLIO NAZIONALE DELLE RICERCHE (CNR)**.
- Research groups from BELGIUM, through the **FONDS DE LA RECHERCHE SCIENTIFIQUE – FNRS (F.R.S.-FNRS)**.
- Research groups from ARGENTINA, through the **CONSEJO NACIONAL DE INVESTIGACIONES CIENTÍFICAS Y TÉCNICAS DE ARGENTINA (CONICET)**.
- Research groups from BRAZIL, through the **CONSELHO NACIONAL DE DESENVOLVIMENTO CIENTÍFICO E TECNOLÓGICO (CNPq)**.

- Research groups from COLOMBIA, through the **UNIVERSIDAD NACIONAL DE COLOMBIA – FACULTAD DE MINAS DE LA SEDE MEDELLÍN (UNAL)**.
- Research groups from TAIWAN, CHINA, through the **NATIONAL SCIENCE AND TECHNOLOGY COUNCIL (NSTC)**.
- Research groups from JAPAN, through the **JAPAN SOCIETY FOR THE PROMOTION OF SCIENCE (JSPS)**.
- Research groups from CHINA, through the **CHINESE ACADEMY OF SCIENCES (CAS)**.
- Research groups from MOROCCO, through the **CENTRE NATIONAL POUR LA RECHERCHE SCIENTIFIQUE ET TECHNIQUE (CNRST)**.

The expected impact of the Programme is to improve the internationalisation of the CSIC through the consolidation of stable scientific cooperation links between CSIC teams and teams belonging to institutions with headquarters in the mentioned countries, by means of work placements and the specialisation of research groups from both institutions.

2. TERMS OF THE CALL

This call provides funding for a maximum of **42 grants**, valid from the beginning of fiscal year 2026 until the end of fiscal year 2027.

Research groups from **SAS**, **CAS** (Czech Republic), **CNR, F.R.S.-FNRS**, **CONICET**, **CNPq**, **UNAL**, **NSTC**, **JSPS**, **CAS** (China) and **CNRST** will be funded by their respective institutions.

2.1. Eligible actions

2.1.1. The actions will be all those aimed at the creation and consolidation of stable international collaborative links with research groups in these entities.

2.1.2. Eleven modalities of actions will be considered:

- **Modality A, CSIC-SAS (Slovakia):** For specific details on this modality, please refer to ANNEX I.
- **Modality B, CSIC-CAS (Czech Republic)**: For specific details on this modality, please refer to ANNEX II.
- **Modality C, CSIC-CNR (Italy):** For specific details on this modality, please refer to ANNEX III.

- **Modality K, CSIC-CNRST (Morocco):** For specific details on this modality, please refer to ANNEX XI.

2.2. Participants

2.2.1. All proposals must have at least **one CSIC research group** (CSIC participating team) and **one group from the organisations cited in point I of the call** (foreign participating team), which must be led by a principal investigator (foreign PI).

2.2.2. All participants must have an employment relationship with their home institution at the time of application. For the duration of the grants, each member of the foreign institutions will remain under the exclusive direction and dependence of his/her home institution.

2.3. CSIC Participating Team Requirements

2.3.1. The principal investigator (PI) of the action may be a **CSIC scientific staff**[1] whose employment status complies with the instructions set out in the Manual for the management of staff[2] providing services in the institutes, centres and units of the State Agency CSIC.

[1] Collaborating staff may include research personnel (pre-doctoral, post-doctoral, or teaching staff) as well as technical personnel.

2.3.2. Both the PI and the participating team members from CSIC can only be part of **one proposal** in this call, regardless of whether they participate as PI or as team member.

2.3.3. The PI and the other members of the participating CSIC team must be staff or have a contract compatible with participation in internationalisation networks[3]. Staff from Joint Centres and Associated Units may participate as members of the team.

2.3.4. The principal researcher and the other members of the CSIC team must maintain their employment relationship with CSIC for the duration of the action. Otherwise, they must guarantee the continuity of the action through a substitution that must be approved by the VRI. Exceptionally, team members may participate provided that they maintain their employment relationship with CSIC until the actions in which they are involved in the framework of this programme have been completed.

2.3.5. The Vice-Presidency for International Relations (VRI) will be responsible for authorising all registrations and withdrawals of members of the participating teams, following a reasoned request from the PI of the proposal. Authorisation will be granted whenever appropriate and in any case after prior notification by the PI at least one month in advance of the participation of the new members in the planned activities.

2.4. Eligible Expenses and Management

2.4.1. Grants for transport, subsistence and accommodation costs.

CSIC team travel expenses:

For ALL modalities: Transport, food and accommodation expenses of the CSIC team for travel **exclusively between Spain and the participating foreign country**. These grants will be governed by the terms and conditions of the call for applications, the amount of which will be governed by ***ROYAL DECREE 462/2002, of 24 May, on allowances for reasons of service***. The grants will be processed according to the provision *in force at the time, of the President of the Consejo Superior de Investigaciones Científicas, which approves the Operating Budgets of the Institutes, Centres and Units, the allocation of credit for projects, the management of the system of Operational Treasury Allocation (DTO) and Drawings to Justify, and certain criteria for economic management and administrative contracting.*

[3] The members of the CSIC research group must be registered in the **application Gestión de Entidades y Personas (GEP)** or in the analogous registers of the newly assigned National Centres.

With regard to **transport expenses**, these must be processed by the ICU in accordance with the travel contract applicable to the CSIC. The amount of the transport subsidy will include the amount of the expenses corresponding to the processing of visas and/or vaccinations not covered by the National Health System, when these are obligatory for entry into the country of destination.

The mandatory cost of **medical insurance or travel assistance** for CSIC researchers traveling to countries without reciprocity agreements, as well as **civil liability insurance** in case it is mandatory, will be an eligible expense processed by the ICU Management.

2.4.2. Grants for expenses related to the organisation of meetings.

Expenses related to the organisation of meetings, workshops, seminars and other internationalisation activities that take place in Spain or in the geographical location of the foreign participating entities may be charged as expenses. Exceptionally, and with the prior authorisation of the Vice-Presidency for International Relations, expenditure associated with the organisation of meetings in locations other than those mentioned above may also be charged. Expenditure will be financed exclusively for **the hire of rooms and audio-visual equipment**, and will be processed through the corresponding application in each case.

2.4.3. All foreseen expenses shall be properly indicated in the work plan and shall be consistent with the proposed activities. Expenditure included in the proposal which is contrary to the resolution of the call will not be considered eligible.

2.5. Duration and implementation of grants

2.5.1. The proposals selected will have a maximum duration of 24 months. For the implementation of the expenditure included in the grant, **the processing deadlines established in the corresponding CSIC instructions for the closure of the financial year 2026 and 2027 will be respected.**

2.5.2. The continuation of the aid in its second year must be authorised by the VRI, after submission of a technical scientific report detailing the activity carried out to date, and a second financial report attaching the list of expenses, which must be selected in the project justification module. This report shall detail the distribution of the expenditure executed, accompanied by the extract from the internal account of the project. Unjustified failure to carry out the planned activities or incorrect use of the funds allocated may result in the cancellation of the grant and the reimbursement of the credit.

2.5.3. The VRI will authorise the annual financial allocation after the award resolution to the ICUS of the CSIC for its execution and control of the expenditure from the Management Departments.

3. PROCEDURES AND DEADLINE FOR SUBMITTING APPLICATIONS

3.1 Applications shall be submitted **simultaneously** by the CSIC team and by the foreign teams through the application indicated in each of their institutions, within the period specified in the call.

3.2. The proposal and the documentation required at CSIC will be submitted in a single application by the CSIC PI and project coordinator, through the call application system on the CSIC Intranet: http://siw.csic.es/icv/ **"BILATERAL ACTIONS"**, by selecting the intended participation modality**.**

3.3. Applications shall be written in English or Spanish, using Times New Roman or Arial font, with a minimum size of 11 point.

3.4. Only the standardized application form shall be used, which must be downloaded from the online application system. The complete proposal shall include the following content and documentation:

3.4.1 Action report, including, as indicated in the templates and with a maximum size of 5MB:

A) Activities of the Program (up to 3 pages, not including figures or the timeline):

- Summary of the proposal (objectives, scope of the study, international relevance, etc.).
- List of keywords (in Spanish and English).
- **Implementation**: work plan that includes the scientific objectives and proposed actions as well as a schedule for their execution.
- **Expected scientific impact**: for both research groups.
- **Composition of the consortium:**
  - Background and current state of the collaboration
  - Description of the participating teams and their experience

B) Detailed budget related to the proposed chronogram of activities (maximum 3 pages).

C) CV of the CSIC PI highlighting the main achievements from 2020 to the present (maximum 2 pages).

D) CV of foreign PI(s) highlighting major achievements from 2020 to present (maximum 2 pages)

E) Letters of acceptance/commitment from the foreign institutions on which the participating teams depend. This letter must include the authorization to the principal investigator for participation in the project, committing to carry out the activities foreseen in the presented scientific-technical

report and its corresponding financing. The format of presentation of the document will be by means of an official letter from the institution dated and signed by the Institutional or Scientific Head/Manager. In the event that these ones coincide with some of the IPs or team members, please indicate them in this section of the application.

3.5. The application will require the **telematic validation by the ICU Head/Manager** for its later submission by the applicant.

3.6. The **deadline for submitting applications** to the CSIC will be as specified in each of the annexes of this call.

The reception of applications will end at 23:59 on the closing day of the call. Incomplete applications or applications that do not meet the requirements established in this resolution on the closing date will be automatically rejected.

3.7. Once the period for submitting applications has ended, a provisional list of those admitted and excluded will be published on the CSIC intranet. **There will be no time period to rectify errors**.

3.8. The personal data included in the application will be subject to the protection established by the Organic Law 3/2018, and the Regulations (UE) 2016/679 of the European Parliament. On the basis of Articles 6 and 7 of that Regulation, by sending the application, the corresponding processing of the personal data sent shall be deemed authorised.

3.9. This call shall be governed by the principles, objectives, and priorities of the Spanish policy on sustainable development cooperation as established in Article 2 of Law 1/2023, of 20 February, on Sustainable Development Cooperation and Global Solidarity[4].

4. EVALUATION

4.1. Proposals will be evaluated by ***the scientific-technical evaluation committee of consensus between the CSIC and the foreign participating entities*** designated for this purpose, for the selection of the actions to be jointly financed. Specifically, the following criteria will be considered:

- **Scientific quality (*up to 10 points*).**
  The objectives, activities and added value will be assessed. Likewise, and exclusively for proposals to **MODALITY H** (CSIC-NSTC), it will be positively valued that the participating groups present

3 key documents that endorse their experience in the indicated line of research. Access will be provided via the Internet, indicating the appropriate and operational links, or included as an attachment in case it is not accessible online.

- **Implementation (*up to 10 points*).**
  The feasibility of the activities, the timetable and the budget will be assessed.

- **Impact (*up to 10 points*).**
  The following aspects will be assessed:

  1. Impact of the project on the CSIC team, including possible future collaborations with the foreign participating team. In the case of consolidated groups, the expected impact on research will be specifically assessed: articles published and/or under review, training of young researchers (undergraduate, postgraduate and/or postdocs-professors in the future), preparation and submission of proposals for attracting complementary funding.
  2. Matching and complementarity of CSIC teams with foreign participating teams for the implementation of the project.

4.2. In the event of a tie, the applications with the highest score in the **Implementation** section will be selected.

5. INFORMATION ON THE CALL RESULTS

5.1. The result of the selection process will be informed by means of a Resolution of the Presidency of the CSIC, which will be published on the CSIC's INTRANET and will be communicated by email to the principal investigators of the proposals.

6. SCIENTIFIC AND ECONOMIC JUSTIFICATION

6.1. The beneficiaries of this program will have to justify the activities and expenses in two reports (intermediate and final) whose standardised template will be sent from the VRI.
Interim reports will be sent **before December 15th, 2026**, and the final report before **January 31st, 2028**.

Each justification report shall include the following concepts:

- ***Scientific-technical report***: performed activities, results obtained, and degree of fulfilment of the proposed objectives.
- ***Financial report***: implemented expenditure, considering the bases of the call and the approved chronogram. The list of expenses must be attached and must be selected in the project justification module.

The reports will be sent only in electronic format to the address internacional@csic.es, together with the action code in the subject line of the email.

6.2. Any media reference to these grants must include the sentence "FINANCIADO POR CSIC CONVOCATORIA AYUDAS BILATERALES 2025", as well as the logo of the call for proposals (for publications CSIC/BILATERALES2025/action code).

6.3. Eventually, the principal investigators of the participating teams may be required to present these results in a public act before a committee of experts.

7. PENALTY REGIME

The lack of adequacy in the use of the aids granted, the non-compliance with the rules for the execution of the expense and payment, the lack of execution of the budget granted, the lack of compliance with the scientific-technical objectives of the project, or a non-compliance with the obligation to publicise the aid awarded, may be subject to sanctions from VRI. These sanctions could include the ineligibility of the PI for the request of any VRI call for a period of up to five years, as well as the reimbursement of the expenses unduly justified.
